I certainly hope Federal EPA Regional Officials do not become accessories to any violation of California's Brown Act, etc.

Dear Carey,

Thank you for response.

My understanding is that filming of such an event is permitted under California state law. I kindly request a printed copy of the SMMUSD procedures and criteria that prohibit filming of a community meeting at MHS with EPA officials, school district members, schools board members and community members in attendance.

Best,

Stephanie Smith

Stephanie,

We will not be able to approve your request to film the EPA visit on Friday at Malibu HS.

Your request does not meet the criteria of our News/PSA filming procedures. In addition, since the meeting has been expanded to invite community members, we must follow District procedures of not allowing filming by outside organizations during community meetings.

Warmly,

CAREY UPTON
